

I am very opposed to any media block putting on so called "programming" to advance their support of a particular candidate. The role of the media is to inform. I believe what Sinclair Broadcasting intends to do is illegal and I call upon you to stop it, of enforce severe penalties.

Sinclair Broadcasting intends to force their stations to air an anti-Kerry documentary days before the election.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why the license renewal process needs to involve more than a returned postcard. Thank you for your prompt attention to this misuse of power and abuse of the trust of the American people.
